PROJECTS

Personal Site

The personal site contains fundamental information about me, including my skills, work experience, projects, etc.

Simon Game

This is a game based off of the Simon Game which was released many years ago but has stood the test of time. It is a memory game that builds up in difficulty as the game goes on making.

Drum Kit

It is a collection of drums, cymbals, and other percussion instruments In the form of Buttons. When you click on any of those buttons, then you'll get the corresponding sound of the drum. And in addition, you can also use the keys on the keyboard to have a sound effect.
